

## **Unitarian Universalist Church of Indianapolis**

**Adopted 10-11-16**

The Board of Trustees of the Unitarian Universalist Church of Indianapolis is strongly opposed to the plan of the Department of Veterans Affairs and Crown Hill Cemetery for cemetery expansion which would destroy 15 acres of pre-settlement, old growth forest ecosystem. We urge the Veterans Administration to re-publish the public notice and to re-open the process of official public comment and hearing and careful consideration of potential alternatives.
