

February 17, 2017

At the February meeting of the Butler-Tarkington Neighborhood Association, the Board voted 14-1-1 to support efforts to save the Crown Hill North Woods from development. We believe that the VA should negotiate an alternative location for the National Cemetery's columbaria project, hopefully identifying an alternative site within Crown Hill Cemetery. We believe these woods are a unique habitat and gem in central Indianapolis, which we hope can be protected through a land trust for generations to come.

Sincerely,

Clark P. Kirkman, President

On behalf of the Butler-Tarkington Neighborhood Association
