Petition to the National Cemetery Administration To Preserve The North Woods At Crown Hill Cemetery:

We, the undersigned, request that you use the authority of the United States Department of Veteran Affairs, to take all necessary steps to protect the ecological jewel that is the North Woods at Crown Hill Cemetery. It is unacceptable to destroy the only old growth forest in inner city Indianapolis. We ask you to re-publish the Environmental Assessment and the Finding of No Significant Impact and hold a public hearing and adequate comment period on your proposed cemetery. This would allow other alternatives to be explored and give the us, the public, a chance to comment on the analysis to which we are entitled.
